WORK EXPERIENCE

FRONTEND DEVELOPER INTERN

MSM MALAGA CONSULTING
FEBRUARY 25' - JUNE 25'

- Designed and implemented a user-friendly website, increasing user engagement and click-through rates.
- Contributed to the redesign and rebranding of a local boxing club's website, applying UX/UI best practices.
- Participated in code reviews and pair programming, improving overall code quality and team workflow.
- Applied component-based architecture and scalable styling patterns, reducing the homepage codebase by 25% and improving maintainability.
